

GALA 5-year Strategic Plan
Developed on January 16, 2016

*“For everyone born, a place at the table,
for everyone born, clean water and bread,
a shelter, a space, a safe place for growing,
for everyone born, a star overhead.”*

Setting the Table—Creating Safe Spaces

We recognize that everyone needs a safe place where they can come to meet with others. It is important for us to all recognize that we all have responsibilities toward helping to create those spaces; GALA as an organization also has a responsibility to help ensure those safe places.

Through the years, GALA has created some safe places through activities, and we will continue those activities. We are also hoping to expand opportunities to set the table.

Year 1 (2016) Objective:

GALA will help Reunions and Youth Camping Experiences to become more inclusive of LGBTQ persons.

Action Step 1: Gather information on current experiences from multiple areas of the country. This information-gathering may take place during a workshop during the Annual GALA Retreat as well as other options. Target Date for completion: 11/1/16

Action Step 2: Put together document on current experiences and recommended changes to present to church leadership. Target Date for completion: 1/1/17

Connecting at the Table – Communication
